

Compton Care's
Learning & Development team bring you...

INTRODUCTION TO IDENTIFICATION AND MANAGEMENT OF DYING PATIENTS

As members of the Black Country Palliative and End of Life Care Group, we are delighted to be providing this free End of Life and Palliative Care education program.

This free 1.5 hour online session will give delegates an overview about how to recognise deterioration in a patient. It will also detail what help and support is available to support staff, patients and families, together with symptom control in the dying phase.

Who should attend?

This training is commissioned by the Black Country Integrated Care System and is designed for all primary care staff in the Black Country (Dudley, Sandwell, Walsall and Wolverhampton).

Available Dates 2022

**FREE
to attend**

13 September	12pm - 1.30pm
4 October	12pm - 1.30pm
25 October	5pm - 6.30pm
16 November	5pm - 6.30pm
